

**“You can’t
put a price tag on
the literacy outcomes
we’ve achieved.”**

Learning Ovation
YOU WILL KNOW US BY YOUR OUTCOMES

Dr. Jo Welter

AASA Member &
Retired Superintendent
Ambridge Area School District, PA

93%

**of K-3 students are
six months ahead of
schedule.**

- Carl L. Dixon Primary School
Elmsford, NY

A2i Distance Learning

A2i Distance Learning is simple to use and provides teachers the assurance that they are truly individualizing small-group and independent learning.

OUR PLATFORM INCLUDES

A2i Professional Support System

A differentiation engine that combines technology and ongoing professional development to ensure all K-3 students achieve literacy by the end of 3rd grade.

THE PROBLEM

- ▶ 3rd grade reading levels have been low for decades.
- ▶ The COVID crisis has disproportionately impacted the most vulnerable communities.
- ▶ 1-off solutions come and go with great expense, and no staying power.

THE FIX

- ▶ Systematic, differentiated code-focused instruction paired with differentiated instruction on vocabulary, comprehension, and writing.
- ▶ Sustained, scalable, and affordable support with technology that works in virtual and in-person settings.

“Invest in what is proven.”

13 years of research. 7 randomized control trials. More students reading at or above grade level.
